## Para días especiales.....

# STARLETTOS

*Avoid sinking into the turf and give star appeal to stiletto heels.*

## The essential shoe accessory for race days and weddings

Starlettos are ultra-cute and clever shoe accessories designed to stop heels sinking at garden parties, outdoor weddings and race-days. Not only can sinking heels cause damage to beautiful shoes, they might cause your customers to have their day spoilt by an accident with a glass of champagne or a fall at the first post with a hot race-going male or eligible groomsman! Disaster!

### Designed for peace of mind

The ingenious, patented design of Starlettos has been carefully developed for strength, security to stay on all day and versatility to fit most slender heels or stilettos (8mm-14mm). That means, rather than straining on tippy-toe all day, wearers can relax, smile and concentrate on enjoying themselves.

### Discreet pairing of form and function

Cupping the base of the heel like a flower, Starlettos are mostly clear, and are barely noticeable when worn on grass.

### Easy to clean and store

Starlettos can be worn a number of times and come with a little silk purse for protection and easy storage. Easy to clean simply slide them off the heels, rinse under cold water to remove grass or dirt and store in their little pouch inside a purse or handbag.

### Star appeal for shoes

For times when you can see them, great care has been taken to imbue Starlettos with an organic and stylish form. For the expressionist, a range of colours and tints offer the chance to have a bit of fun with them. Look out for seasonal limited editions!
